

Cleveland Meyers

IT Support Technician

16 Hyacinth Rd, Cape Town, 7493

069 717 2704

clevelandmeyers@gmail.com

Results-driven IT Support Technician with 4+ years of hands-on experience delivering remote and on-site technical support across a large corporate environment. Adept at diagnosing and resolving complex hardware, software, and network issues while maintaining high service levels. Skilled in Active Directory administration, server maintenance, and virtualization. Holds CompTIA A+ and N+ certifications with ongoing studies toward a National IT Diploma.

EXPERIENCE

IT Support Technician

Travellab Group | Cape Town | 2021 – Present

- Serve as the primary point of contact for 200+ end-users, resolving ITSM-logged incidents and service requests via phone, remote access, and on-site visits.
- Diagnose and remediate hardware, software, and network faults, consistently meeting SLA targets and minimizing user downtime.
- Administer user accounts, permissions, and group policies in Active Directory; manage DHCP and DNS to ensure network reliability.
- Monitor and maintain Windows Server environments, applying OS updates, patches, and security definitions to reduce vulnerability exposure.
- Deploy and support virtual machines using Proxmox and VMware, contributing to infrastructure resilience and test-environment provisioning.
- Author and maintain technical documentation — including SOPs, troubleshooting guides, and knowledge-based articles — for both end-users and the IT team.
- Manage IT asset lifecycle: maintain the stock and inventory register, coordinate hardware procurement, and oversee equipment disposal.
- Evaluate and pilot emerging technologies to assess fit for the organization's IT roadmap.

QUALIFICATIONS & CERTIFICATIONS

- CompTIA A+
- CompTIA Network+ (N+)
- Cisco NETACAD – IT Essentials
- Cisco – Introduction to Cybersecurity
- Cisco – Junior Cybersecurity Analyst

Currently studying towards a National IT Diploma
